§ 101626.1. Child Care Center for Mildly Ill Children -Daily Inspection for Illness.

(a) Notwithstanding Section 101226.1, the following shall apply:

(b) Upon arrival each day at the center, each child shall have a daily inspection for illness to determine if the child is appropriate for placement in the center.

(1) A qualified staff person shall perform and document the completion of the daily inspection for illness.

(A) A qualified staff person for a Level I center shall be a director as specified in Sections 101615(a) and (b), or a teacher as specified in Sections 101616.2(a) and (b).

(B) A qualified staff person for a Level II center shall be a licensed health professional.

(2) As part of the daily inspection for illness, a child's body temperature shall be determined by using a thermometer with a disposable plastic (Probe) cover.

(3) The licensee shall require the child's authorized representative to remain in the center until the daily inspection for illness is completed and the child is accepted for care.

(c) The licensee shall develop and implement a written procedure for completing daily inspections for illness, which shall include developing a form to document that a daily inspection for illness has been completed prior to a child's acceptance for care.

(1) As required by Section 101626(d), the health consultant shall be consulted on the development of the procedure and form specified in Section 101626.1(c).

(d) This subchapter shall not be interpreted to require the exclusion of a child with a chronic condition protected under the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) unless the child also has a condition/symptom/illness as specified in Sections 101626.1(e), (g) and (h) that would independently exclude the child from care in a center.

(e) Except as specified in Section 101626.1(f), the licensee shall not accept or retain for care any child with any of

(C) Persistence beyond three days.

(10) Severe lethargy.

(11) Open lesions of the skin or mucous membranes.

(12) Other conditions as may be determined by a qualified staff person on an individual basis.

(f) A Level I or Level II center may accept a child with any of the conditions/symptoms/illnesses as specified in Section 101626.1(e) if the licensee has obtained a written health clearance stating that the child has been diagnosed and reexamined; and is not contagious or a health risk to the child or other children in care.

(1) The written health clearance, which shall be kept in the child's record, shall be obtained from a physician or other health professional working under the supervision of a physician.

(2) A licensee may accept a child for care under Section 101626.1(f) upon the verbal approval of a physician or other health professional working under the supervision of a physician if the required written health clearance is obtained within 24 hours.

(A) Receipt of verbal approval as specified in Section 101626.1(f)(2) shall be recorded immediately in the child's record. The notation shall include the name of the physician or other health professional who gave the verbal approval, the date and time the verbal approval was given, and the name of the qualified staff person who made the notation.

(g) The licensee shall not accept or retain for care any child with any of the following conditions/symptoms/illnesses except as specified:

(1) Diarrhea due to confirmed shigella, salmonella or giardia except as specified in Section 101626.1(i).

(2) Contagious stages of chicken pox or mumps except as specified in Section 101626.1(j).

(h) The licensee shall not, under any circumstances, accept or retain for care any child with any of the following conditions/symptoms/illnesses:

California Code of Regulations Currentness _Title 22. Social Security _Division 12. Child Care Facility Licensing Regulations _Chapter 1. Child Care Center General Licensing Requirements _Subchapter 4. Child Care Center for Mildly Ill Children _Article 1. General Requirements and Definitions

(1) Diarrhea due to campylobacter or cryptosporidium.

(2) Contagious stages of measles, rubella, pertussis, diphtheria or tuberculosis.

(3) Untreated infestation (such as head lice, scabies).

(i) A Level II center may accept a child with diarrhea due to confirmed shigella, salmonella or giardia 24 hours after treatment has been initiated if prior approval is obtained from the Department and the following conditions are met:

(1) In addition to Section 101626.1(b), prior to accepting the child the licensee shall obtain documentation from a physician or other health professional working under the supervision of a physician stating that, based on his/her knowledge of the isolation and separation procedures specified below, the child has been diagnosed and poses no serious health risk to the child or other children in care. This documentation shall be kept in the child's record.

(A) Verbal approval, with written follow-up, shall be acceptable if the procedures specified in Section 101626.1(f)(2) are followed.

(2) The licensee shall provide care for children with each illness in a specific area of a room or a room that is physically separate from those used by children with other illnesses.

(A) In addition to separate rooms, physical separation shall include, but not be limited to, moveable partitions and accordian wall dividers.

(3) Each separate area/room shall include:

(A) Separate toilet and handwashing facilities.

(B) Separate equipment and toys.

(C) Notwithstanding Section 101561(d), staff assigned exclusively to the care of children in each area/room.

(4) Sanitation procedures as specified in Section 101638.1 shall be followed.

(A) The licensee shall document, in the staff file, when staff must follow sanitation procedures as specified in Section 101638.1(d) to prevent the spread of illnesses.

(j) A Level II center may accept a child in the contagious stages of chicken pox or mumps if prior approval is obtained from the Department and the following conditions are met:

(1) In addition to Section 101626.1(b), prior to accepting the child the licensee shall obtain documentation from a physician or other health professional working under the supervision of a physician stating that, based on his/her knowledge of the isolation and separation procedures specified below, the child has been diagnosed and poses no serious health risk to the child or other children in care. This documentation shall be kept in the child's record.

(A) Verbal approval, with written follow-up, shall be acceptable if the procedures specified in Section 101626.1(f)(2) are followed.

(2) The child shall be isolated from children with other illnesses and cared for in a separate room with children having the same illness.

(A) Children with chicken pox and mumps shall not be cared for simultaneously in the same isolation room.

(3) Each isolation room shall include:

(A) A separate door to the outside of the center.

(B) Floor-to-ceiling walls.

(C) A separate ventilation system, preferably a positive airflow system.

(D) Separate toilet and handwashing facilities.

(E) Separate equipment and toys.

(F) Notwithstanding Section 101561(d), staff assigned exclusively to the care of children in each isolation room.

(4) Sanitation procedures as specified in Section 101638.1 shall be followed.

(A) The licensee shall document, in the staff file, when staff must follow sanitation procedures as specified in Section 101638.1(d) to prevent the spread of illnesses.

22 CCR § 101626.2

§ 101626.2. Child Care Center for Mildly Ill Children -Isolation for Illness.

(a) Notwithstanding Section 101226.2, the following shall apply:

(b) A center shall be equipped with an isolation area to care for any child as specified in Section 101626.2(c).

(1) The isolation area shall be physically separate from the indoor activity area and shall be located to afford easy observation of, and access to, children requiring isolation.

(2) The isolation area shall be equipped with a bed, cot, floor mat or couch for each child requiring isolation; and with a crib, cot or floor mat for each infant requiring isolation.

(3) The isolation area shall not be located in the kitchen, food-preparation or toilet areas.

(4) In combination centers with a Level I or Level II component for mildly ill children, only one isolation area that serves all of the child care center components is required.

(c) A child shall be isolated when any one of the following occurs:

(1) The child's condition worsens enough to warrant notifying the child's authorized representative as specified in Section 101626(b); or

California Code of Regulations Currentness _Title 22. Social Security _Division 12. Child Care Facility Licensing Regulations _Chapter 1. Child Care Center General Licensing Requirements _Subchapter 4. Child Care Center for Mildly Ill Children _Article 1. General Requirements and Definitions

(2) The child is determined to have any one of, or combination of, the conditions/symptoms/illnesses as specified in Section 101626.1(e); or

(3) The child is determined to possibly have one of the communicable diseases as specified in Sections 101626.1(g) and (h).

(d) The center shall ensure the isolation of each child within the isolation area when more than one child is present in the isolation area.

(e) Children in the isolation area shall be under the constant observation of a teacher who is present in the isolation area itself.

(f) A child shall remain in the isolation area only until the child's authorized representative can remove the child from the center as specified in Section 101626(b).

22 CCR § 101626.3

§ 101626.3. Child Care Center for Mildly Ill Children -Observation of the Child.

(a) In addition to Section 101226.3(a), and notwithstanding Section 101226.3(b), the following shall apply:

(b) Any changes in the child's behavior or any signs of the child's illness worsening shall be reported to the child's authorized representative and recorded in the child's record on the day they occur.

(c) If indicated by the nature of the child's illness at any time when the child is in care, staff shall record daily observations of the child's behavior and symptoms, including the date and time of the observation(s). The record of the observation(s) shall also include, but not be limited to, the following as appropriate:

(1) Behavior and activities, such as the child's state of alertness, type of complaints, frequency and length of sleep, and pattern of rest and play.

(2) Temperature.

(A) Any child with a body temperature of 100 F (37.8 C) (oral) or 101 F (38.3 C) (rectal or by ear) or 99 F (37.2 C) (axillary), or higher, shall have his/her body temperature taken during the day as follows:

1. For a child 0-1 years of age, within one hour of the original temperature; for a child 0-5 years of age, within two hours of the original temperature; and for a child 6-18 years of age, within three hours of the original temperature.

2. The child's temperature shall also be taken at intervals thereafter depending on the child's observed behavior and symptoms as specified in Section 101626.3(c).

(B) Body temperature shall be determined by using a thermometer with a disposable plastic (Probe) cover.

(3) Breathing.

(4) Vomiting.

(5) Amount of food and fluid intake.

(6) Color, consistency and number of bowel movements.

(7) Frequency of urination.

(A) Notations shall be made at least every four hours if the child has any of the following conditions/symptoms/illnesses:

1. Decreased appetite.

2. Vomiting.

3. Diarrhea as specified in Section 101626.1(e)(9).

(d) Recorded observations shall be in accordance with the center's admission policies and agreements; and in accordance with plans and procedures as specified in Section 101626, including the plan of care as specified in Section 101626(c).

22 CCR § 101627

§ 101627. Child Care Center for Mildly Ill Children -Food Service.

(a) In addition to Sections 101227 and 101427, the following shall apply:

(b) For mildly ill children, individual meals and snacks shall be prepared in accordance with the requirements of each child's admission agreement and plan of care.

(c) For mildly ill infants, individual meals and snacks shall be prepared in accordance with the requirements of each infant's admission agreement, feeding plan and plan of care.
