(a) Swimming pools, therapy pools, permanent wading pools, hot tubs and swim areas shall meet the requirements of the *State of Colorado Swimming Pool and Mineral Bath Regulations*. When local health or building departments have adopted codes equivalent to or more stringent than the above, those codes shall apply.

(b) Use of hot tubs, therapy pools, swimming pools and portable or permanent wading pools by children who are not toilet trained shall be prohibited.

1) Portable wading pools shall be emptied after use by each group of children or at least daily, and placed in storage when not in use.

2) A contaminated wading pool shall be emptied, cleaned and disinfected.

3) Wading pool water shall be chemically disinfected by means of not less than 0.4 parts per million (ppm) and no more than two (2) ppm free available chlorine or by means of equivalent approved disinfection. The concentration shall be measured by an approved chemical test kit available on site.

(c) The water temperature shall be maintained between 77°F and 90°F while the pool is in use. Water temperature may exceed 90°F in therapy pools if designated by a child's individualized health care plan. Water temperature in hot tubs shall not exceed 104°F.
