2. Change wet or soiled diapers and clothing promptly.

3. Change each child on an easily cleanable surface which is cleaned with soap and water and a disinfectant solution after each use with a chlorine bleach solution of one tablespoon bleach to one quart of water, made fresh daily or a quaternary ammonia product prepared according the manufacturer's recommendation.

(e) Counselor-to-child ratios shall be adequate to manage and supervise the adventure-based activity based upon the number of children participating and type of activity. However, at no time, shall the counselor-to-child ratio be less than that specified in Table DCF 252.42.
